Bcc: "Victoria, Christopher" <pwvict16@aacounty.org>

Hello Stew,

To follow-up on the March 1, 2022 correspondence (attached), the County and CBT finalized the amendment to the original Pooled Monitoring Program Watershed Assessment MOU. With this amendment, the County will no longer participate in the Pooled Monitoring Program option for Watershed Assessment - Biological and Habitat Assessment. Instead, and beginning with the FY23 monitoring year, the County will move forward with a Biological and Habitat Assessment Monitoring Program that meets the mandatory requirements as set forth in the 2021 MS4 Monitoring Guidelines. This will be further documented in the FY22 MS4 Annual Report.

The signed Watershed Assessment MOU Amendment, the original MOU, and the Summary of Completion documenting the signature process and dates of signature is attached.

Please contact me if you need additional information for the MS4 records (pwmark02@aacounty.org or 443.994.1079). Unless requested, a hard copy will not be mailed. Please email an acknowledgement that you received the attached information.

Best regards,
Janis

Hello Stew,

Attached, please find formal correspondence indicating the County's choices for participation in the NPDES MS4 Permit Pooled Monitoring Program option (Part IV.G.1 and 2). This correspondence is provided to you by March 5, 2022 as required by the Permit.

Please reach out with any questions or clarifications needed.

Best regards,
Janis
