**Director**

**Amendment to**  
**MOU for the Watershed Assessment Pooled Monitoring**  
**Chesapeake Bay Trust and Anne Arundel County, Maryland Cooperative Agreement**

April 12th, 2022

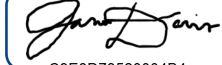

This amendment removes the County's participation in the specific Biological and Habitat Assessment monitoring requirements associated with the NPDES MS4 Permit Pooled Monitoring Program option for Watershed Assessment Monitoring (Part IV.G.2 of the Permit). Specifically, the amendment revises Paragraph 2 of the MOU introduction to remove the word "Biological". The County continues participation in the Bacteria and Chloride monitoring requirements through the Pooled Monitoring Program, as set forth in this MOU.

This amendment reduces the Watershed Assessment Pooled Monitoring Program participation funding level to \$46,968 per year for the remainder of the Agreement period (through June 30, 2026). Specifically, the first paragraph of Article II is amended such that "a funding level of One hundred seventy-two thousand nine hundred sixty-eight dollars (\$172,968) per year" is removed and replaced with "a funding level of Forty-six thousand nine hundred sixty-eight dollars (\$46,968) per year."
